Re: Union Dues

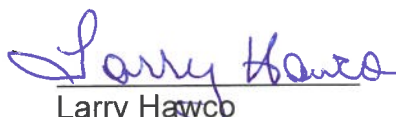

Covid 19 has certainly taken its toll on many people in Newfoundland and Labrador, and in order to alleviate some of the financial stress that our members are currently going through at this time, the Executive of the Local has agreed that the Local will pay three month's dues for all members. Starting tomorrow, April 21, 2020 the staff will start processing these dues and send them out to the members. Please note that we will not be processing suspensions of any members while we ride out this pandemic. Also note that these dues will simply push a member ahead by three months. If you happen to be paid up to date, we will not be processing refunds of dues recently paid.

Should any member not want dues paid on their behalf, please advise and we will process the dues accordingly.

We wish all our members to be safe during this very difficult time.

Fraternally yours,

  
Tom Woodford  
Business Manager

  
Larry Hawco  
President

  
Francis Simms  
Business Agent
